Sparkling diamond eyes,
Rose petal cheeks,
Childlike attitude,
Slender neck with skinny fold marks,
Smile that of independent spirit,
Ancient eastern ear hangings,
Moonlight western fairness,
Dark dense hovering fragrant hairs,
As smooth as that of silken cloth,
feel to cover myself for life time.
Anklets, bangles of silver,
Mehandi designed skin,
Bright, violet colored embroideries
Finely curved cloths to uncover the curves,
How long you took to make you adorable?
Oh man, that's about being girl,
Preparing with eternal anticipation,
Life after life, for that one moment
Which makes me to forget self & dissolve?
What makes you tickle to me so fresh each day?
Neither you have exhausted nor I!
Dear, that's love.
If it does not transform, why do you need me?
Stood speechless.
The days, seasons, years,
Got added with gist to mortality
like that of joyous birds,
Life nor death does not matter me anymore,
While you beside me making each day a,

Happy Valentine's Day!
